MEASUREMENT GUIDE

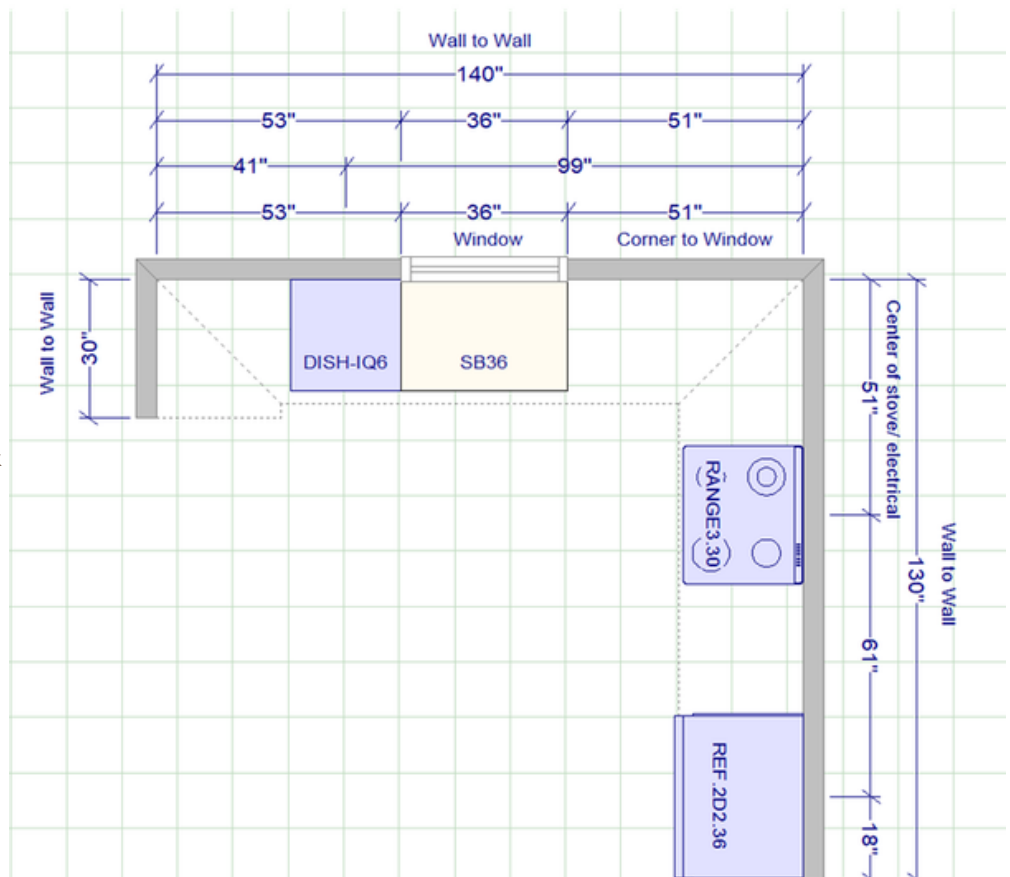

Providing all the right measurements is crucial for HCI to provide a drawing to help you identify what size cabinets will fit into your space.

Measure all of the following:

Wall to wall
Windows and/or openings.
End of the wall/corner to all openings from one side.
End of wall/corner to stove electrical. Center of electrical & Plumbing as shown.
Floor to ceiling or soffit.

Make sure you know your appliance sizes and what kind of sink you are doing.

Now we do the rest!
